EDUCATION

Institute Of Engineering And Technology
Computer Science Engineering B.Tech
CGPA: 8.01

Alwar, Rajasthan
July 2019 - July 2023

EXPERIENCE

Grass Solutions Pvt Ltd | Full-Stack Web Developer Intern Jaipur, Rajasthan | Nov 2023 - Present

- Assisted in developing user-facing features using HTML, CSS, and JavaScript.
- Developed and maintained interactive web applications using React, JavaScript, and Redux.
- Gained hands-on experience with version control systems(GIT & GitHub) and collaborative development practices.
- Worked with RESTful APIs to fetch and display data dynamically within the application.
- Designed and implemented RESTful APIs using Node.js and Express.js, enabling efficient communication between the frontend and backend.
- Perform token-based authentication using JSON Web Token (JWT).
- Utilized MongoDB for data storage and retrieval, ensuring high performance and scalability for database operations

SKILLS

Programming Languages:	HTML, CSS, JAVASCRIPT
Libraries/Frameworks:	React, Redux-Toolkit, Bootstrap, MaterialUI, Node.js, Express.js, JWT, RESTful APIs, TailwindCSS, Responsive Design
Tools / Platforms:	Git & GitHub, VS Code, Vercel, Npm, Postman, ChatGPT
Databases:	No SQL, MongoDB, Mongoose, Atlas

PROJECTS / OPEN-SOURCE

Book-My-Shop | Link *JavaScript, React.js, Redux-Toolkit, Express.js, RESTful APIs, MongoDB, JWT, WebSocket ,other's*

- Developed "Book My Shop," a web application utilizing the MERN (MongoDB, Express.js, React, Node.js) tech stack to facilitate seamless online booking and management of appointments for various services.
- Implemented secure user registration and login functionality using JWT (JSON Web Tokens) for authentication.
- Created an intuitive interface for shop owners to manage their profiles, services, availability, and bookings.
- Integrated real-time notifications using Socket.io to keep users informed about their bookings and any updates.

E-commerce Website | Link *JavaScript, React, Redux, Material-UI, JSON, Fetch APIs, etc*

- Developed a responsive e-commerce website using React and Redux. Implemented state management with Redux to handle product listings, shopping cart functionality, and order processing.

Weather-Application | Link

- Developed a responsive weather application that provides real-time weather information for various locations.
- Implemented a search feature allowing users to look up weather information by city name.
